

MSAD #15 invites all parents and community members to an informational session

**Reinventing Schools Coalition
Introduction to the RISC Model**

Rich DeLorenzo

6:30-8:00 p.m.

Thursday, March 25, 2010

GNGHS Cafe

Why attend?

To hear Rich DeLorenzo, author of Delivering on the Promise, administrator in Chugach School District, winner of the Malcolm Baldrige Award, and co-founder and education specialist at the Reinventing Schools Coalition (RISC).

Why learn more about the RISC Model?

To become informed about a potential educational model for MSAD #15.

Why is MSAD #15 considering the RISC Model?

As part of our continuous improvement effort to meet the needs of our students and community, we recognize the benefits of the RISC model and its connection to our district vision.

Why is continuous improvement necessary?

Our vision to prepare all students for their next steps; college, citizenship or career, require a continuous improvement model. MSAD #15 data indicates a high level of student disengagement leading to a high student dropout rate.

Why improve the student dropout rate?

Successful citizens of the 21st Century must have a minimum of a high school diploma, and the skills and knowledge to navigate the ever-changing world.

MSAD #15 has been investigating the RISC model, which shows promise in improving student engagement, and student leadership, leading to student success!

We hope you will join us to hear the inspirational message of Rich DeLorenzo and the Reinventing Schools Coalition.

Door prizes and snacks will be available
