7 **BLOOD BORNE PATHOGENS EXPOSURE CONTROL**
8

9 It is the policy of Maine School Administrative District # 15 to provide a safe educational
10 environment through compliance with Occupational Safety and Health Administration's Blood
11 Borne Pathogens Standard. The MSAD 15 exposure control plan is located at each school office
12 and in each nurse's office.
13

14 Annual training will be required for all staff.
